

Minutes of the Streets Committee held on June 7, 2006.

Meeting called to order by Chairman Dana Jo Smith at 6:05 pm. Present was committee member Judy Hammons, Director of Public Works Dwain Bollman, and City Clerk Bill Bowers.

Part Time Help

Bollman explained that he kept one part time person working after the clean up. She has been trimming the rights of way and areas where our mower cannot reach, like fence lines. His next project will be to start cleaning culverts and ditches around town. He will hire at least 2 more people to help with this short term project and plans on starting next week. He is not sure how long this will take.

Curb and Gutter

The committee discussed the areas around the city that have no curb and gutter. Hammons stated that she felt something should be started, especially since the city has Road Tax money that could be used for this. Bollman said he could not find an old plan and reviewed the areas he would like to see completed soon (Maple, Oak, Elm to Chestnut). He also recommended that this project include storm water management as well.

The Committee had further discussion about how much work to attempt in each year and decided they needed more information.

Bollman was directed to contact the City Engineer and request options and suggestions, including cost estimates, for beginning this project.

Motion by Hammons to table the Curb and Gutter pending further information.
Seconded by Smith and carried unanimously.

The Street Committee will meet on Monday, June 12, 2006 at 6:30 to review the information provided by the City Engineer.

Motion by Smith to adjourn at 6:30 pm. Seconded by Hammons and carried unanimously.

William Bowers
City Clerk
