

Minutes of the Buffalo Street Committee held April 10, 2007.

Meeting called to order by Chairperson Dana Jo Smith at 11:15 am. Present were committee member Judy Hammons, Director of Public Works Dwain Bollman, City Clerk Bill Bowers, and Engineer Brian Parks from Veenstra and Kimm.

Parks and Bollman reviewed the plans for the West End Curb and Gutter. Hammons and Smith asked many questions as they wanted to be prepared for any resident questions.

Bowers requested a large map showing the overview of the project for residents to review.

The schedule was reviewed and calls for the bids to be opened on May 30, contract award on June 4, and construction completion by September 28, 2007. All costs will be charged to the Road Tax Fund which has sufficient reserves to pay for the project with no impact on the taxpayers.

Motion to adjourn by Hammons at 11:45. Seconded by Smith and carried unanimously.
